

Camera Cable RG59 ST-59CC65 50M

ST-59CC65 RG59 + 2DC Video Coaxial Cable – 50M

CCTV Combined Video & Power Transmission Cable

1. Product Overview

The ST-59CC65 50M RG59 + 2DC Cable is a professional-grade coaxial solution designed for CCTV surveillance systems requiring combined video and power transmission.

The cable integrates RG59 video coaxial with two DC power cores, enabling efficient single-line installation for camera systems. Manufactured with a 0.65mm CCA inner conductor, NEW HDPE dielectric, copper-colored aluminum foil shielding, and 64% CCA braid, it ensures stable signal transmission with reduced interference.

The pure white PVC outer jacket provides durability and suitability for both indoor and outdoor installations, ensuring long-term performance in professional security applications.

2. Key Functional Features

- Total Length: 50 Meters
- RG59 Video Coaxial + 2 Power Cores
- Inner Conductor: 0.65mm CCA
- Power Cores: 20 × 0.15mm
- Dielectric: 11mm NEW HDPE
- Shielding: Copper-Colored Aluminum Foil + 64% CCA Braid
- Durable Pure PVC Outer Jacket (White)
- Combined Video & Power Transmission
- Stable Signal with Reduced Interference
- Suitable for Indoor & Outdoor Installations
- Designed for CCTV Surveillance Systems
- Lifetime Warranty (Indoor) / 5-Year Warranty (Outdoor)

3. Technical Specifications

Coaxial Structure Specifications

Item	Specification
Cable Type	RG59 + 2DC
Length	50 Meters
Inner Conductor	0.65mm CCA
Dielectric	11mm NEW HDPE
Shielding	AL Foil + 64% CCA Braid
Outer Jacket	Pure PVC
Jacket Color	White

Power Core Specifications

Item	Specification
Number of Power Cores	2
Strand Structure	20 × 0.15mm
Application	CCTV Camera Power Supply

4. Application Areas

- CCTV Surveillance Systems
- Security Installations
- Government Security Projects
- Office & Commercial Buildings
- Residential Surveillance
- Professional Contractors & Installers

5. Installation Environment

Environment	Suitability
Indoor Use	Yes
Outdoor Use	Yes

6. Warranty & After-Sales Support

Installation Type	Warranty
Indoor Use	Lifetime Warranty
Outdoor Use	5 Years Warranty

All rolls are factory-tested and supplied sealed and ready for professional installation.
