

Cooler Laptop St ICE02

Adjustable Stand with Dual Fans, LED & USB Ports

1. Product Overview

The ICE-02 Laptop Cooler is a professional adjustable cooling stand designed to enhance laptop performance and thermal stability for devices up to 15.6 inches.

Equipped with dual 125mm high-efficiency cooling fans, the unit ensures effective heat dissipation while maintaining ultra-quiet operation (23–25 dB), making it suitable for office, educational, and institutional environments.

The cooling pad features five adjustable height levels, integrated LED lighting, dual USB ports for additional connectivity, and a dedicated phone/tablet holder for enhanced user convenience.

Constructed from durable iron mesh and reinforced plastic materials, ICE-02 supports stable 24-hour continuous operation and long-term daily use.

2. Key Functional Features
