

Cooler Laptop St ICE06N

6-Fan Adjustable Cooling Stand with LED & USB Ports

1. Product Overview

The ICE06N Laptop Cooler is a high-performance cooling stand engineered to provide enhanced thermal management for laptops up to 17 inches.

Equipped with six high-speed 70mm cooling fans, the unit delivers strong and evenly distributed airflow to maintain optimal laptop operating temperatures during extended gaming, professional workloads, and continuous office use.

Featuring six adjustable speed levels, integrated LED lighting, and a convenient roller switch ON/OFF control, the ICE06N ensures flexible cooling performance with quiet and energy-efficient operation. Constructed from durable ABS material combined with reinforced iron mesh, the cooling pad supports stable 24-hour continuous operation and long-term institutional use.
