

Headphone Wired St GM08

GM08 Wired RGB Gaming Headset

7.1 Virtual Surround Sound USB Stereo Headphones

1. Product Overview

The GM08 Wired RGB Gaming Headset is a professional USB audio solution engineered to deliver immersive 7.1 virtual surround sound with powerful deep bass and enhanced stereo clarity.

Designed for the European market with Class A premium build quality, the headset integrates 50mm high-performance drivers, dynamic RGB lighting, and a flexible noise-cancelling unbreakable microphone.

Dedicated software driver and official datasheet are available online to enable advanced audio customization and professional sound control.

Built for extended gaming sessions and multimedia applications, the GM08 ensures stable performance, durability, and long-hour comfort in institutional and corporate environments.
