

Keyboard and Mouse Combo St KCW6000 Wireless

2.4GHz Wireless Keyboard & Mouse Combo

Up to 10m Wireless Range

1. Product Overview

The ST KCW6000 Wireless Keyboard & Mouse Combo is a professional 2.4GHz wireless input solution designed for stable and reliable performance in office, governmental, educational, and home environments.

Operating with a stable wireless connection up to 10 meters, the combo ensures freedom of movement and a clutter-free workspace. The keyboard features a stylish ergonomic design with a silky finish surface and durable structure resistant to minor impacts.

Equipped with soft laser-printed keys, 10 dedicated Internet and multimedia shortcut keys, and automatic power-saving mode, the keyboard enhances productivity while reducing energy consumption.

The included wireless optical mouse supports adjustable DPI levels (800/1000/1200/1600) to provide precise cursor control and smooth tracking across different surfaces.

Plug & Play USB Nano Receiver enables instant setup without software installation.
