Speaker USB & TypeC Sonic-X

USB Stereo Computer Speakers 6W (3W×2) – USB & Type-C Powered

1. Product Overview

The ST-Standard Sonic-X USB Stereo Computer Speakers are engineered to provide stable and clear stereo audio performance for institutional, governmental, and corporate desktop environments. Delivering 6W RMS output power (3W×2) through dual 40mm full-range drivers with dual bass diaphragms (2PCS), the system ensures balanced sound reproduction with enhanced bass response and vocal clarity.

Powered via USB DC 5V and supporting both USB and Type-C connectivity, Sonic-X offers reliable plug-and-play installation without requiring external power adapters or driver software.

The compact ABS housing combined with a front metal grill ensures durability and suitability for continuous professional use.
