

Subwoofer 2.1 St Gladiator 6000

2.1 Multimedia Subwoofer Speaker System – 60W

Bluetooth | Optical | FM | USB | Remote Control

1. Product Overview

The ST-Standard Gladiator 6000 is a high-performance 2.1 channel multimedia speaker system engineered to deliver powerful 60W audio output with deep bass response and crystal-clear stereo performance.

Designed for professional, institutional, and European market standards, the system integrates advanced Optical Digital Audio technology, Bluetooth wireless connectivity, FM radio reception, USB & SD playback, and full remote-control functionality.

Powered by a 5.25-inch subwoofer (30W) and dual 3-inch satellite speakers (15W ×2), the system ensures strong low-frequency impact, balanced midrange clarity, and detailed high-frequency reproduction—making it suitable for conference rooms, training centers, multimedia halls, and home entertainment environments.

Constructed from high-quality raw materials with reinforced cabinet design and illuminated front panel aesthetics for durability and long-term operation.
