

DC Power Cables Male

1- Product Overview

The DC power cable with male barrel connector is designed to provide stable and reliable power supply for electronic devices across various working environments.

It features red and black wires for easy polarity identification, along with pre-stripped exposed ends for quick connection or soldering, ensuring flexible and efficient installation.

The cable is built for durability and consistent performance in applications such as CCTV systems, LED lighting, and DIY electronics.

2- Technical Specifications

Item	Specification
Product Name	DC Power Cable (Male)
Cable Type	DC Power Cable
Connector Type	DC Barrel Jack
Size	5.5 × 2.1 mm (2.5 mm compatible depending on device)
Connector Gender	Male
Pins	2 Pin
Color	Red & Black
Length	Approx. 30 cm
Shape	Round
Application Type	DC Power Supply
Operation Mode	Plug & Play / Pre-wired

3- Performance Features

- Stable power transmission without interruption
- Easy polarity identification (positive/negative)
- Reduced installation errors
- Durable design for repeated use
- Ready for direct connection or soldering

4- Compatibility

- CCTV Cameras
 - LED Strip Lights
 - 12V DC Devices
 - Power Adapters
 - Electronic Systems
-

5- Applications

- CCTV power connections
 - LED strip installations
 - Maintenance and repair work
 - DIY electronics projects
 - Low-voltage systems
-

6- Warranty & After-Sales

Duration	Coverage
2 Years	Replacement Warranty
5 Years	Maintenance Support

The product is supplied brand new, factory-sealed, and tested before delivery.
